

### REMARKS

Applicants have amended the specification in response to the Notice to File Missing Parts of a Nonprovisional Application mailed July 22, 2004. The Notice stated that Figures 2F and 5F may have been omitted from the specification. Applicants respectfully submit that Figures 2F and 5F were not accidentally omitted from the application as filed. The text referring to Figures 2F and 5F was originally present in the Brief Description of Drawings corresponding to Figures 2A-2F and 6A-6F, respectively, in priority application U.S.S.N. 60/398,541. Figures 2A-2F and 6A-6F were replaced by figures 2A-2E and 5A-5E in the instant application, but the text referring to Figures 2F, 5E and 5F from the priority application was inadvertently incorporated into the instant application. Accordingly, Applicants have amended the instant specification to remove reference to Figures 2F and 5F. Applicants have also amended the description of Figure 5E and the paragraph beginning at line 10 of page 47 to replace "Rab4" with "BACE" in order to accurately reflect that which is depicted in the figure. The amendments to the specification presented herein add no new matter.

Prior to examination, Applicant respectfully requests entry of the above amendments. The Commissioner is hereby authorized to charge any additional fees or credit overpayment to Deposit Account No. 19-0733

Respectfully submitted,

Dated: September 9, 2004
